Our mission is built on fostering social equity in our communities by increasing access to the stories we share here at The Wing. This is why we’ve decided to launch a new Community Member Sponsorship program to provide membership opportunities to those who experience cost as a barrier. Enjoy the benefits of membership and give back to the community at the same time!

Purchasing members will receive a traditional Friends Level membership for themselves to enjoy a full year of benefits. Simultaneously, an additional Friends Level membership will be gifted to community partners and organizations (including local family businesses, community centers, and schools) on our “Community Member Sponsorship” list, providing them access to the museum with full member benefits for an entire year.
